Dark Optics Slim Panel Fixture

Darkline offers high visual comfort in modern workspaces with its low-glare reflector optical system and recessed mounting structure. Thanks to Dark optical technology, it provides controlled light distribution, ensuring low UGR values and creating a comfortable lighting experience for users.

Its 60x60 cm recessed structure offers a look compatible with modular ceiling systems, integrating seamlessly into the ceiling surface to create a simple and modern architectural effect. Its metal sheet body and precise manufacturing details ensure a long-lasting and high-performance solution.
