Glass Protected Spot Lighting Fixture

The MINO Series is a professional spotlight solution offering high visual comfort thanks to its internally located optical structure, metallized reflector, and glass-protected system. With a glare value of UGR≤16, it reduces direct visibility of the light source, providing comfortable and controlled lighting.

The aluminum injection-molded body and frame structure give the product high durability and a long lifespan, while its simple design blends seamlessly with modern architectural projects. Its optical structure provides effective results in accent and general lighting applications.

Developed for use in offices, shops, hotels, educational buildings, and commercial spaces, the MINO Series offers an ideal solution for architectural projects with its aesthetic appearance, low glare, and high performance.

General Information		Electrical Info		Lighting Technology	
Body & Frame	Aluminum Injection	**Power**	6W-20W	**Light Output Angle**	32°
Optics	Glass + Lens + Reflector	**Power Factor**	>0.95	**UGR Value**	UGR ≤ 16
Paint	Electrostatic Powder Paint	**Light Source**	COB LED	**CRI [Ra]**	CRI ≥ 80
Insulation Class	Class II	**Cabling**	Halojen-Free	**Color Bin Value**	Mc Adams ≤ 3
Product Dimensions [mm]	Ø60/Ø82/Ø100x66/84/110(H)	**Input Voltage**	220-240V AC / 50-60 Hz		
Mounting Type	Recessed	**LED Driver**	Constant Current		
Mounting Part	Steel Spring	**Ambient Temperature**	-20°C / +50°C		
		LED Lifetime L70	>50.000 Hour		

Optional
DALI / 1-10V
CRI>90 , 2700K~6500K , Tunable White

Order Code	W	Lm	Angle	CCT	ØD x H (mm)	Ceiling Cutting (mm)	Kg
05112.10.30.011	12	1270	32°	3000	Ø100x110	Ø90	0,30

Verilen tüm elektriksel değerler nominal değerlerdir. Işık akısı ve bağlı elektrik yükü +/- %10 luk bir başlangıç toleransına tabidir. Renk sıcaklığı toleransı: +/-150 K.
