

CALM

06191

Minimalist Wall Sconce Shaped by Light

Calm is a modern wall sconce with a thick metal front panel and a central opening. The light source, concealed at the rear, is visible through the inner opening of the front panel, creating a soft and striking lighting effect on the wall.

It offers visual comfort thanks to its asymmetrical light distribution and low glare ($UGR \leq 19$). It highlights the architectural character of the space. The product can be mounted horizontally or vertically, allowing for various design scenarios in corridors, hotels, residential projects, social areas, and decorative wall applications. With its design that creates an effective atmosphere on surfaces rather than directly displaying light, it offers a stylish and modern solution for decorative lighting projects.

General Information		Electrical Info		Lighting Technology	
Housing	DKP Metal Sheet	Power	11W	Light Output Angle	120°
Optics	Opal Lens	Power Factor	>0.95	UGR Value	UGR ≤ 19
Insulation Class	Class I	Light Source	SMD Mid Power LED	CRI [Ra]	CRI ≥ 80
Product Dimensions [mm]	138[W] x 250[L]x 35[H]	Cabling	Halogen-Free	Color Bin Value	Mc Adams ≤ 3
Mounting Type	Surface	Input Voltage	220-240V / 50-60 Hz	Optional	
Mounting Part	Screw Dowel Set	LED Driver	Constant Current		
		Ambient Temperature	-20°C / +50°C		
		LED Lifetime L70	>50.000 Hour	CRI>90 , 2700K~6500K , Tunable White
