

FLAT-G 1230

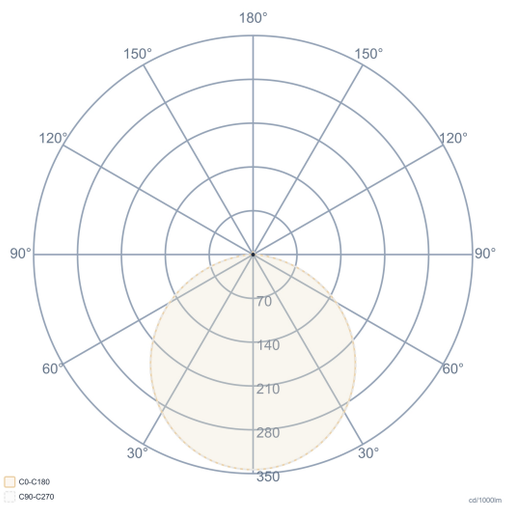

02110

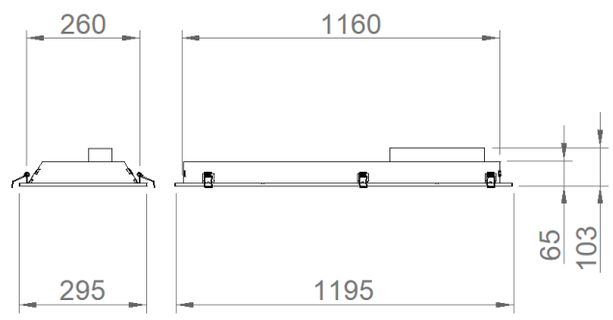

30x120cm Panel Luminaire

Flat-G 1230, with its metal sheet body structure and flush-mounted form, is developed for special projects. It provides homogeneous light distribution and creates an integrated look with the ceiling surface thanks to its simple design. In addition to standard sizes, it can also be produced in custom sizes for specific projects. This allows for the development of customized solutions to meet architectural design requirements.

With its 30x120 cm dimensions, the Flat G 1230 Series is particularly preferred in offices, educational buildings, healthcare facilities, commercial areas, and corporate projects. It adapts to project-specific lighting scenarios with various power, color temperature, and control options.
