Cylindrical Surface Mounted Spot Lighting

Drop-T is designed for surface mounting. Its cylindrical form offers stylish accent lighting in modern architectural projects. It provides an aesthetic and practical solution for applications without suspended ceiling spaces, creating a simple and integrated look. Its aluminum body, frame, and metallized optical reflector ensure long-lasting and efficient use. The 36° light output angle allows for effective highlighting of specific areas.

It is an ideal solution for offices, shops, hotels, restaurants, residential projects, and social spaces. Its modern cylindrical design, high-quality materials, and balanced light performance combine decorative appeal with functionality.
