LASTING-XL

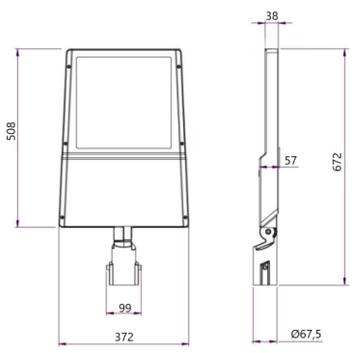
09495

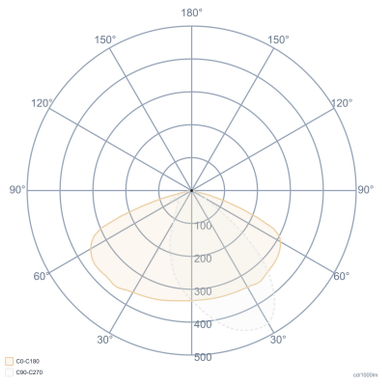
Smart Lighting for Modern Cities

Lasting-XL is designed for urban roads, main arteries, parking lots, and large outdoor applications. It features a slim and modern housing design, a powerful optical system, and high cooling performance. The aluminum injection housing provides effective heat management, optimizing the operating temperature of the LED and driver components, extending product life, and maintaining high luminous flux for many years.

90° and 180° mounting options allow the same luminaire to be used in both horizontal cantilever and pole-top mounting. This flexible structure facilitates stock management and project implementation by easily adapting to different pole types and site conditions.

RAL 7016





General Information		Electrical Info		Lighting Technology	
Body & Frame	Aluminum Injection	**Power**	200-240W	**Light Output Angle**	Asymetrical (Optional)
Glass	Tempered Clear Glass	**Power Factor**	>0.95	**CRI [Ra]**	CRI ≥ 70
Optics	PMMA Optical Lens	**Light Source**	SMD High Power LED	**Color Bin Value**	Mc Adams ≤ 3
Paint	Electrostatic Powder Paint	**Cabling**	Halojen-Free		
Insulation Class	Class I	**Input Voltage**	220-240V AC / 50-60 Hz	**Optional**	
Product Dimensions [mm]	372(W)x508(L)x68(H)	**LED Driver**	Constant Current	DALI / 1-10V	
Mounting Type	Surface	**Ambient Temperature**	-40°C / +50°C	CRI>90 , 2700K~6500K , Tunable White	
		LED Lifetime L70	>50.000 Hour		

Order Code	W	Lm	CCT	WxLxH (mm)	ØD (Console-mm)	Kg
09495.54.40.280	200	28000	4000	372x508x68	42-60	5,50
09495.54.40.336	240	33600	4000	372x508x68	42-60	5,50

Verilen tüm elektriksel değerler nominal değerlerdir. Işık akısı ve bağlı elektrik yükü +/- %10 luk bir başlangıç toleransına tabidir. Renk sıcaklığı toleransı: +/-150 K.
