DEEP-Y

09111

Minimal lighting in a cylindrical form

Deep-Y is a simple and elegant spotlight solution developed for modern architectural projects, featuring a cylindrical body and surface mounting design. Its extruded aluminum body and metallized reflector optics provide controlled light distribution, while its UGR≤19 value enhances visual comfort.

With a 36° beam angle, high-efficiency optical system, and compact design, it can be used in general and accent lighting applications. Available in white, gray, and black, Deep-Y adapts to various interior design concepts, combining modern aesthetics with high-performance lighting in offices, shops, hotels, restaurants, and social spaces.

General Information		Electrical Info		Lighting Technology	
Housing	Aluminum Extruded	**Power**	10W	**Light Output Angle**	36°
Frame	Aluminum Injection	**Power Factor**	>0.95	**UGR Value**	UGR ≤ 19
Optics	Polished Reflector	**Light Source**	COB LED	**CRI [Ra]**	CRI ≥ 80
Paint	Electrostatic Powder Coating	**Cabling**	Halojen-Free	**Color Bin Value**	Mc Adams ≤ 3
Insulation Class	Class I	**Input Voltage**	220-240V AC / 50-60 Hz		
Product Dimensions [mm]	Ø80 x 100(H)	**LED Driver**	Constant Current		
Mounting Type	Surface	**Ambient Temperature**	-20°C / +50°C		
Mounting Part	Screw Dowel Set	**LED Lifetime L70**	>50.000 Hour		

Optional
DALI / 1-10V
CRI>90 , 2700K~6500K , Tunable White
Emergency Lighting Kit
